**SECTION E. Reasons for Abatement Application**

RSA 76:16 provides that an abatement may be granted for "good cause" generally means: 1.) establishing an assessment is disproportionate to market value and the municipality's level of assessment; or 2.) establishing poverty and inability to pay the tax. This form can be utilized for either basis of requesting an abatement. The taxpayer has the burden to prove good cause for an abatement.

- 1.) If claiming disproportionality, state with specificity all the reasons supporting your application. Statements such as "taxes too high," "disproportionately assessed" or "assessment exceeds market value" are insufficient. Generally, specificity requires the taxpayer to present material on the following (all may not apply):
  - 1. Physical data - incorrect description or measurement of property;
  - 2. Market data - the property's market value on the April 1 assessment date, supported by comparable sales or a professional opinion of value; and/or
  - 3. Level of assessment - the property's assessment is disproportionate by comparing the property's market value and the town-wide level of assessment.

**NOTE:** If you have an appraisal or other documentation, please submit it with this application.

- 2.) If claiming poverty or inability to pay, state in detail why abatement of taxes is appropriate as opposed to some other relief such as relocating, refinancing or obtaining some alternative public assistance. Ansara v. City of Nashua, 118 N.H. 879 (1978).
