VI. AUTHORIZATION: Pursuant to RSA Chapter 485-A and Env-Wq 1603 of the Rules, this permit is hereby issued to the permittee as identified in Section I above to operate a septage site at the location identified in Section I above, subject to the terms and conditions in Section IV above. This authorization is based on information and representation provided to the Department by the permittee, in documents referenced in Section II above. If the information is false, misleading or incomplete, the permit may be revoked or suspended in accordance with Env-Wq 1604.09.

BY EXERCISING ANY RIGHTS UNDER THIS AUTHORIZATION, THE APPLICANT HAS AGREED TO ALL TERMS AND CONDITIONS. Failure to comply with the terms and conditions could result in civil or criminal penalties, suspension or revocation of this approval or any permit to which it may apply. No liability is incurred by the State of New Hampshire by reason of any approval of this modification or the facility/site to which it may relate. No warranty/guarantee is intended or implied by reason of any advice given by the Department or its staff.

This approval shall not eliminate the need to obtain all requisite federal, state or local permits, licenses or approvals, or to comply with all other applicable federal, state, district and local permits, ordinances, laws, approvals or conditions for the related regulatory activity.
